

IN THE SPECIFICATION

Please amend paragraph 0014 as follows:

[0014] In another aspect, a wireless mobile unit for synchronizing the next UWB wakeup process with the next COMM wakeup process can be assembled comprising a COMM module configured to perform a COMM wakeup process at a next scheduled time. The wireless mobile unit can further comprise a processor configured to synchronize the time of the next UWB wakeup process to the time of the next COMM wakeup process. Additionally, the wireless mobile unit can comprise a UWB module configured to perform a UWB wakeup process substantially simultaneously ~~[[with]]~~ when the COMM module performs the next scheduled COMM wakeup process.

IN THE FIGURES

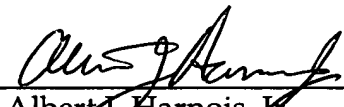

Figure 2 has been amended to replace the BT with the letters UWB.

CONCLUSION

Applicants do not believe that any fees are due with this response. If, however, it is determined that fees are owed, please charge any fees or overpayments that may be due to Deposit Account No. 17-0026.
